RANK: Legislators are ranked according to their score with #1 being the best. Although a Score of 70 and above is acceptable, those lawmakers receiving a Score of 85 points or more have been good stewards of your money.

SCORE: A higher score indicates that your legislator has spent your tax dollars well. A lower score indicates that your legislator has voted to wastefully spend your tax dollars.

*** BACKGROUND DETAILS ***

The Kentucky Club for Growth is a non-partisan taxpayers' advocacy group. We score legislators on fiscal issues only. In other words, only those votes which affect the pocketbook of Kentucky's working families are considered.

The 2007 Kentucky Legislative Scorecard has been developed by the Kentucky Club for Growth to show you, the hard-working taxpayer, how your legislators voted on important spending issues affecting your pocketbook.

The primary purpose of the Kentucky Club for Growth is to be the TAXPAYERS VOICE in Frankfort by holding legislators accountable for votes resulting in a harmful financial impact to Kentucky families.

The Kentucky Club for Growth is a non-partisan group of citizen-taxpayers dedicated to expanding the prosperity of working families through the Reagan Doctrine of lower taxes, smaller government and strong free-enterprise. As a state affiliate of the influential national Club for Growth in Washington DC, we are committed to helping Kentucky families regain their voice in state politics as a taxpayer.

Simply put, the Kentucky Club for Growth believes that deficit spending of taxpayer money must stop now! In order to reverse the out-of-control spending habits of our legislators, we all must work together to protect our future. It is no longer acceptable to waste taxpayer money!

We owe it to ourselves and our families to create a future in which we shall no longer be subject to the oppressive taxation of public officials and big government.
